

## AMANDA LAMBROS – AV RIDER

Amanda's presentation is fun and entertaining and relies heavily on the right Audio Visual set-up to ensure your audience gets the maximum value, inspiration and motivation.

Amanda will bring her **own computer** (Macbook Air) with the necessary output adapter and her own clicker, with the presentation (run from Power Point) ready to go. She will also bring a back-up on a USB drive.

**Power Point** is her preferred program due to the quality of video and slide transitions, but if you require her presentation in Keynote, please advise Amanda at **least five (5) days prior to the engagement** ([info@amandalambros.com](mailto:info@amandalambros.com))

Her presentation requires:

- High definition screen projector
- Good quality audio system (sound will run from the computer)
- Lapel or headset microphone

On stage, it's preferable if she has stage area free of centered lectern and 1 bottle of water.
